

Accreditation Council on Optometric Education
Accredited Optometric Residency Programs
March 21, 2011

The Accreditation Council on Optometric Education has granted the following optometric residency programs one of the following classifications:

Candidacy Pending: A preaccreditation classification awarded to optometric residency programs at Veterans Affairs facilities that are in their planning stages. Based on review of a self-study and signifies that the educational setting, governing body and organizational pattern appear appropriate for the development of a residency program.

Accredited: A classification that indicates that the residency program generally meets the standards for accreditation and has no deficiencies or weaknesses that compromise the educational effectiveness of the total program.

Accredited with Conditions: Accredited with Conditions: A classification granted to a program with major deficiencies or weaknesses with reference to the standards of accreditation and indicates that that the educational effectiveness of the program is compromised. *Programs that are Accredited with Conditions are shown in italics.*
